European Union

Statement on the occasion of the IAEA Board of Governors
Vienna, 4-8 June 2012
Agenda item 11: A.o.B. - INC

Final

Mr. Chairman,

1. I have the honour to speak on behalf of the European Union and Croatia.

2. The EU regrets that the issue of Israeli Nuclear Capabilities has once again been brought before this Board. The EU remains convinced that a consensual approach is the only way to make progress towards implementing the outcome of the 2010 NPT Review Conference of convening a Conference in 2012 to address the establishment of a zone free of weapons of mass destruction and their means of delivery in the Middle East, which provides a concrete opportunity to address issues of concern to the region.
