Lettre mensuelle d'informations sur les échéances de l'Agence Internationale de l'Energie Atomique (AIEA)

N°6

IAEA International Atomic Energy Agency

Février 2014

Editorial :

Comme chaque année depuis 2006, le groupe INIG du Département de l'énergie nucléaire de l'AIEA organisera le mois prochain au VIC son séminaire annuel sur les questions d'actualité relatives au développement des infrastructures électronucléaires (4-7 février). Cette réunion permettra aux décideurs des pays ayant choisi de lancer ou d'étendre leur programme électronucléaire d'échanger avec des représentants de pays opérateurs ou vendeurs de technologie nucléaire sur les défis qu'ils rencontrent dans le développement de leurs infrastructures.

Organisé dans le cadre du Plan d'Action de l'AIEA sur la Sûreté Nucléaire, post accident de Fukushima, le 6ème séminaire international d'experts (IEM) de l'AIEA sur la radioprotection se déroulera au VIC du 17 au 21 février. Il permettra aux Etats membres d'échanger expériences et informations dans le domaine de la radioprotection, notamment la préparation et la gestion à long terme des conséquences radiologiques d'un accident nucléaire, sous leurs aspects techniques, sociétaux, environnementaux et économiques

En outre, quelques ateliers et réunions techniques seront co-organisés par le Secrétariat de l'AIEA, dans les prochaines semaines :

- 5ème comité inter-agences sur les urgences radiologiques et nucléaires (IACRNE), VIC, 11-12 février ;
- Séminaire technique sur les facteurs influençant la sûreté et la sécurité nucléaires dans le développement d'un programme électronucléaire national, VIC, 18-21 février ;
- Réunion annuelle du réseau international des centres de support et de formation en sécurité nucléaire, VIC, 19-21 février.

Rappels sur la lettre mensuelle d'informations : Cette lettre comporte des tableaux compilant *(i)* des conférences internationales et des réunions techniques organisées par l'AIEA et potentiellement d'intérêt pour les industriels français (autres que celles déjà identifiées lors des réunions de coordination menées par le Service du Gouverneur : CEA-DRI), *(ii)* les besoins de l'AIEA en experts mis gratuitement à sa disposition par les Etats membres (salaires et charges pris en charge par l'employeur), *(iii)* des appels d'offres commerciaux lancés par l'AIEA dans le cadre de l'United Nations Global Marketplace et *(iv)* des postes vacants stratégiques.

Conférences internationales de l'AIEA

Conférence	Objectif	Date	Lieu	Responsable AIEA	Date limite d'enregistrement
International Experts Meeting on Radiation Protection after the Fukushima Daiichi Nuclear Power Plant Accident	Organisé dans le cadre du Plan d'Action de l'AIEA sur la Sûreté Nucléaire, post accident de Fukushima, ce 6ème IEM permettra aux Etats membres d'échanger expériences et informations dans le domaine de la radioprotection, notamment la préparation et la gestion à long terme des conséquences radiologiques d'un accident nucléaire, sous leurs aspects techniques, sociétaux, environnementaux et économiques.	17-21 février 2014	VIC, Vienne	M. Tony Colgan (Division of Radiation, Transport and Waste Safety) : IEM6@iaea.org	Enregistrement en ligne (voir lien hypertexte)
International Experts Meeting on Severe Accident Management in the Light of the Accident at the Fukushima Daiichi Nuclear Power Plant	Organisé dans le cadre du Plan d'Action de l'AIEA sur la Sûreté Nucléaire, post accident de Fukushima, ce 7ème IEM permettra aux Etats membres d'échanger expériences et informations dans le domaine de la gestion des accidents nucléaires graves (traitement réglementaire des accidents graves, mises en œuvre des guides de gestion des accidents graves, entrainement et préparation des parties prenantes à la gestion des accidents graves, relations « sur-sites » et « hors-sites » lors d'accidents graves, etc).	17-21 mars 2014	VIC, Vienne	M. Anthony Ulses (Division of Nuclear Installation Safety) et M. Jean Francois Lafortune (Incident and Emergency Centre) : IEM7@iaea.org	Enregistrement en ligne (voir lien hypertexte)
International Conference on Human Resource Development for Nuclear Power Programmes: Building and Sustaining Capacity 	Organisée dans le cadre du Plan d'Action de l'AIEA sur la Sûreté Nucléaire, post accident de Fukushima, cette conférence se concentrera sur les défis de l'établissement, le maintien et le renforcement des capacités et des ressources humaines (formations) dans le secteur nucléaire : – Réviser les développements en matière de formations nucléaires depuis 2010 ; – Rôle et importance du renforcement des ressources humaines dans les cultures nationales de sûreté nucléaire ; – Forum d'échanges sur les pratiques nationales en matière de formations nucléaires, pour en tirer les meilleures pratiques organisationnelles ; – Rôle des réseaux.	12-16 mai 2014	VIC, Vienne	M. Brian Molloy (Division of Nuclear Power) et M. Shahid Mallick (Department of Nuclear Safety) : HR-Conf-2014.Contact-Point@iaea.org	Enregistrement en ligne (voir lien hypertexte)

: Pour les inscriptions à ces conférences internationales, consulter les liens dédiés (dans la première colonne). Pour plus d'annonces de conférences, consulter le site de l'AIEA au lien suivant : http://www-pub.iaea.org/iaeameetings/.

Besoins prévisionnels d'experts à titre gracieux (Cost Free Experts) à l'AIEA (2013-2015)

Position	Département	Division	Section/groupe	Grade	Durée du contrat	Lieu
Senior Physical and Technical Security Specialist	Management (MT)	O/DDG-MT		P4	18 mois	VIC
Application Security Engineer	Management (MT)	MTIT	Business Solutions Section (BSS)	P3	1 à 2 ans	VIC
IT Systems Engineer	Management (MT)	MTIT	Infrastructure Services Section (ISS)	P3	1 à 2 ans	VIC
Senior Nuclear Engineer	Nuclear Energy (NE)	NENP	Groupe des Infrastructures intégrées (INIG)	P4 or P5	3 ans	VIC
Nuclear Engineer	Nuclear Energy (NE)	NENP	Projet international INPRO	P4 or P5	3 ans	VIC
Environmental Remediation Specialist	Nuclear Energy (NE)	NEFW	Waste and Technology Section (WTS)			VIC

Offres de consultances à l'AIEA

Position	Département	Section	Role	Durée du contrat	Date limite de candidature	Lieu
Public Information Specialist (voir fichier Consultant fév 2014.pdf)	Office for Public Information and Communication	Digital Media and Public Information Section	The Public Information Specialist / Web Content Editor is: • A writer, researching and producing content in support for publishing efforts for online and printed products and efficiently utilizing resources to achieve desired results; • A quality-control leader, assuring that public information content is accurate and complies with the editorial style guide; • A focal point for the coordination of public information products; and • An adviser to the Section Head and Division Director improving the efficient and effective production and delivery of public information to target audiences through digital and print channels.	6 mois	02 février 2014	VIC

Postes vacants à l'AIEA

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/151	Section Head	The Section Head is: (1) a leader and manager responsible for the research, design, production and development of the IAEA corporate public website and related information products and services; (2) an executive editor overseeing the planning, preparation and production of information products for general audiences on all aspects of the IAEA mission; (3) an adviser to the Director on matters of digital communication policy, strategy resource planning and technological development with a view to increasing public communication programmes' efficiency and effectiveness; (4) a project leader, overseeing project management teams, including to launch, migrate and develop digital platforms, to develop and implement web governance, and to implement a multilingual strategy.	Offices reporting to the Director General / Office for Public Information and Communication / Web, Digital Media and Public Information Materials Section	P4	Fixed term, 3 years	4 février 2014
Vacancy Notice No. 2014/009	Remote Monitoring Software Engineer	The Remote Monitoring Engineer is: (1) a project manager, initiating, planning, executing and controlling agreed work; (2) a developer, performing relevant engineering disciplines either as a leader or a member of a team; (3) a resource for the Section, taking part in various activities as required, such as quality assurance and continuous process improvements.	Department of Safeguards / Division of Technical and Scientific Services / Systems Integration and Coordination Section	P4	Fixed term, 3 years	11 février 2014
Vacancy Notice No. 2014/010	Containment Engineer	The Containment Engineer is: (1) an engineer responsible for all design, development, and construction of containment solutions needed for maintaining continuity of knowledge of nuclear materials and protecting critical security components; (2) an expert in the application and knowledge of computer aided design tools, modelling designs for various extreme conditions, the rapid prototyping of designs, and the final fabrication of mechanical and electrical components; (3) a technical writer of documentation for all mechanical and electrical designs.	Department of Safeguards / Division of Technical and Scientific Services / Systems Integration and Coordination Section	P4	Fixed term, 3 years	11 février 2014
Vacancy Notice No. 2014/013	Software Engineer	The Software Engineer is a focal point for IT issues for ANSN and plays the roles of (1) project manager for initiating, planning, executing and controlling agreed work; (2) an advisor to management, providing recommendations for improving work processes using IT tools; (3) a coordinator within the Department and Member States in the field of regional networks; (4) a team member, performing relevant software engineering disciplines and supporting ANSN stakeholders; (5) a solution provider, trouble shooting and fixing technical issues; (6) a presenter, lecturing at ANSN IT workshops.	Department of Nuclear Safety and Security / Safety and Security Coordination Section / Knowledge Networks Unit	P3	Fixed term, 3 years	14 février 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2014/011	Associate Quality Management Specialist	The Associate Quality Management Specialist will report to the Office of the Deputy Director General and will be a part of the administration team of the Department. The incumbent is: (i) an analyst, reviewing and analysing existing business processes and making recommendations on improvement of these processes; (ii) a technical specialist, implementing electronic workflows for Departmental-wide consistency and control; (iii) a coordinator, ensuring coordination on efforts and effective execution of tasks related to publications, departmental correspondence and other main implementation means of the MP1; (iv) a trainer, ensuring that relevant staff in the Department are trained and informed about the changes and systems introduced.	Department of Nuclear Energy / Office of the Deputy Director General	P2	Fixed term, 3 years	17 février 2014
Vacancy Notice No. 2014/014	Energy / Environmental Economist	The Energy/Environmental Economist fulfils five principal roles: (1) analyst: performing holistic analysis of energy and environmental issues; (2) educator: building capacity in Member States in the area of energy-environment analysis and planning; (3) adviser: providing authoritative and objective analysis and information on energy system issues (including nuclear power) to Member States; (4) facilitator: working with Member States to meet their national energy development objectives; and (5) team member: working collaboratively within the Section on studies and analyses, as well as maintaining and developing analysis tools.	Department of Nuclear Energy / Planning and Economic Studies Section / 3E Analysis Unit	P4	Fixed term, 3 years	18 février 2014
Vacancy Notice No. 2014/001	Senior Safeguards Evaluator	The Senior Safeguards Evaluator is: (1) a leader providing technical oversight of the quality control activities of the Implementation Review Team and providing leadership for the professional and support staff comprising the team; (2) a developer with initiative and vision to identify changes to safeguards quality control review processes that will strengthen IAEA safeguards; (3) a coordinator of quality control review activities involving Departmental collaboration to improve safeguards effectiveness; and (4) a technical adviser, providing independent technical expertise to Departmental committees and to other Sections and Divisions in support of safeguards inspections, training, process development, and equipment needs.	Department of Safeguards / Effectiveness Evaluation Section	P5	Fixed term, 3 years	19 février 2014
Vacancy Notice No. 2014/002	Senior Safeguards Evaluator	The Senior Safeguards Evaluator is: (1) a *leader* providing technical oversight of the quality control activities of the Evaluation Review Team and providing leadership for the professional and support staff comprising the team; (2) a *developer* with initiative and vision to identify changes to safeguards quality control review processes that will strengthen IAEA safeguards; (3) a *coordinator* of quality control review activities involving Departmental collaboration to improve safeguards effectiveness; and (4) a *technical adviser*, providing independent technical expertise to Departmental committees and to other Sections and Divisions in support of safeguards evaluations, training, process development, and information management.	Department of Safeguards / Effectiveness Evaluation Section	P5	Fixed term, 3 years	19 février 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2014/003	Section Head	The Section Head is: (1) a manager and team leader, ensuring that programmes and projects are developed and implemented in the most efficient and effective manner in line with quality management standards and the results-based approach; (2) a substantive expert contributor, managing projects of particular complexity and/or sensitivity; and (3) an adviser to the Director and Deputy Director General on programmatic and socio-economic issues and development conditions in assigned countries.	Department of Technical Cooperation / Division for Latin America / Latin America Section 1	P5	Fixed term, 3 years	19 février 2014
Vacancy Notice No. 2014/150 (2 postes Seibersdorf)	Mass Spectrometry Specialist	The Mass Spectrometry Specialist is (1) a team player working with the other members of the Mass Spectrometry Team on analyses, and (2) a technical specialist supervising and performing thermal ionization mass spectrometry measurements of actinides at high and low levels, troubleshooting complex instrument failures, and improving existing procedures and implementing procedures for new safeguards applications.	Department of Safeguards / Office of Safeguards Analytical Services / Environmental Sample Laboratory	P3	Fixed term, 3 years	19 février 2014
Vacancy Notice No. 2014/004	Senior Health Systems Strengthening Specialist	The Senior Health Systems Strengthening Specialist is a: (1) Concept developer of a framework for PACT services and their integration with relevant initiatives of partner organisations; (2) Liaison/focal point contacting, and building alliances with a defined set of potential implementation partners for PACT in the governmental, intergovernmental, NGO and private sectors; (3) Adviser to the Director of PACT and DDG-TC on the development of new PACT services, potential joint planning opportunities with partners and technical aspects of the work of the Joint WHO/IAEA Programme for Cancer Control. (4) Knowledge leader/expert contributor keeping abreast with innovations and developments in the health-related development community with a focus on cancer control and health systems strengthening and translating these innovations into PACT's framework.	Department of Technical Cooperation / Division of the Programme of Action for Cancer Therapy	P5	Fixed term, 3 years	20 février 2014
Vacancy Notice No. 2014/016	Safeguards Information Analyst	The Safeguards Information Analyst works closely with staff members at all levels within the Section and in other Safeguards Divisions, guiding the activities of information assistants in reviewing, processing and entering data into relevant databases. He/she works jointly with State evaluation groups in defining and conducting analytical tasks and cooperates with IAEA and Member State technical and IT experts to further develop analysis processes for the benefit of the Department.	Department of Safeguards / Division of Information Management / State Factor Analysis Section	P3	Fixed term, 3 years	23 février 2014
Vacancy Notice No. 2014/017	Safeguards Information Analyst	The Safeguards Information Analyst is a team player, contributing to the preparation of analysis and State evaluation reports by working together with other members of the Section and other staff to collect, process and analyze information, and a specialist in the handling and quality assessment of safeguards related information. He/she is a manager of selected R&D projects that address specific analytical or tools development tasks, advising other Divisions on information collection, processing and analysis	Department of Safeguards / Division of Information Management / State Factor Analysis Section	P3	Fixed term, 3 years	23 février 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2014/006	Radiation Protection Specialist	The Radiation Protection Specialist plays several key roles: (1) substantive expert, developing international recommendations and guidance related to the radiation protection of patients; (2) adviser, providing authoritative and objective information to Member States and working with them, through the IAEA's technical cooperation programme, to identify means of reducing exposure from radiation to patients; and (3) analyst, maintaining an overview of the status of the radiation protection of patients in Member States and working collaboratively with experts in Member States on special projects related to new developments in the field.	Department of Nuclear Safety and Security / Division of Radiation, Transport and Waste Safety / Radiation Safety and Monitoring Section	P4	Fixed term, 3 years	24 février 2014
Vacancy Notice No. 2014/005	Surveillance Systems Engineer	As an active member of the team, the Surveillance Systems Engineer is: (1) a technical professional, ensuring the efficient and effective implementation of the development, installation, service and verification of surveillance equipment; (2) an implementer, installing and verifying surveillance systems and techniques; (3) a project manager, coordinating development activities and tasks under Member State Support Programmes; (4) a technical writer, drafting and updating development requirements for safeguards surveillance instrumentation, equipment specifications, equipment procedures and other reports.	Department of Safeguards / Division of Technical and Scientific Services / Unattended Systems Section	P3	Fixed term, 3 years	25 février 2014
Vacancy Notice No. 2014/007	Senior Nuclear Security Officer	The Senior Nuclear Security Officer is: (1) a *manager* and *team leader*, planning, leading and coordinating the activities of the Section, in accordance with Member States' needs, and monitoring their implementation; (2) a *substantive expert* in nuclear security systems and measures, managing projects of particular technical complexity and/or sensitivity; (3) a *coordinator* of projects involving IAEA-wide efforts and the participation of experts from Member States and other relevant international organizations or inter-agency collaborative projects within the UN system; and (4) a *scientific secretary* to international scientific meetings related to nuclear security, overseeing the preparation and editing of scientific or technical reports, manuals, proceedings and other publications that provide nuclear security guidance, as well as scientific or technical documentation and papers for discussion.	Department of Nuclear Safety and Security / Division of Nuclear Security / Nuclear Security of Materials outside of Regulatory Control Section	P5	Fixed term, 3 years	26 février 2014
Vacancy Notice No. 2014/008	Senior Nuclear Security Officer	The Nuclear Security Officer is: (1) an *expert* planning, preparing, coordinating, executing and documenting activities of the Section, in accordance with Member States' needs, and monitoring their implementation; (2) an *expert/contributor* managing projects of particular complexity and/or sensitivity; (3) a *coordinator* of projects involving IAEA-wide efforts and the participation of experts from Member States and other relevant international organizations or inter-agency collaborative projects within the UN system and other international initiatives; and (4) a *scientific secretary* to international secientific meetings related to nuclear security.	Department of Nuclear Safety and Security / Division of Nuclear Security / Nuclear Security of Materials outside of Regulatory Control Section	P4	Fixed term, 3 years	26 février 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2014/012	Emergency Communication Specialist	The Emergency Communication Specialist is: (1) the spokesperson, in case of nuclear or radiological incidents and emergencies, responsible for presenting complex technical issues in plain language at briefings of Member States and the media, with support of additional spokespeople, as circumstances require; (2) a specialist developing and implementing a communication strategy in nuclear or radiological incidents and emergencies, in close coordination with the Office of Public Information and Communication; (3) an expert contributor developing communication materials to be used in case of nuclear or radiological incidents and emergencies of various scenarios, and offering technical support and guidance to Member States	Department of Nuclear Safety and Security / Incident and Emergency Centre	P5	Fixed term, 3 years	28 février 2014
Vacancy Notice No. 2014/015	Director	The Director leads and coordinates the efficient and effective development and implementation of the human health programme in line with the results-based approach. The Director is also the principal adviser to the Deputy Director General as regards meeting the needs of Member States and positioning the programme to deliver those needs. Furthermore, he/she provides general strategic direction and guidance to staff in the Division, promoting good performance and teamwork and creating an environment where staff can develop their skills and share knowledge and experience.	Department of Nuclear Sciences and Applications / Division of Human Health	D1	Fixed term, 3 years	2 mars 2014
Vacancy Notice No. 2014/019	Director	The Director is: 1) an adviser to the Deputy Director General on issues and trends impacting the TC programme in the Asia and Pacific region; 2) a manager of the human and financial resources assigned to the Division, ensuring development of programmes responding to Member States' priority needs; 3) a leader providing strategic direction and motivating staff in the Division, promoting good performance and teamwork and creating an environment where staff can develop their skills and share knowledge and experience; 4) an advocate for the TC programme, building strategic partnerships and alliances with stakeholders at the regional and national level and demonstrating the IAEA's comparative advantage.	Department of Technical Cooperation / Division for Asia and the Pacific	D1	Fixed term, 3 years	10 mars 2014
