RÉPUBLIQUE FRANÇAISE

Représentation permanente de la France auprès de l'Office des Nations unies et des Organisations internationales à Vienne

Lettre mensuelle d'informations sur les échéances de l'Agence Internationale de l'Energie Atomique (AIEA)

N°5

IAEA International Atomic Energy Agency

Janvier 2014

Editorial :

Le Secteur nucléaire de la Représentation Permanente de la France auprès de l'Office des Nations Unies et des Organisations Internationales à Vienne, vous souhaite un Joyeux Noël et vous présente ses meilleurs vœux pour 2014.

Rappels sur la lettre mensuelle d'informations : Cette lettre comporte des tableaux compilant *(i)* des conférences internationales et des réunions techniques organisées par l'AIEA et potentiellement d'intérêt pour les industriels français (autres que celles déjà identifiées lors des réunions de coordination menées par le Service du Gouverneur : CEA-DRI), *(ii)* les besoins de l'AIEA en experts mis gratuitement à sa disposition par les Etats membres (salaires et charges pris en charge par l'employeur), *(iii)* des appels d'offres commerciaux lancés par l'AIEA dans le cadre de l'United Nations Global Marketplace et *(iv)* des postes vacants stratégiques.

Conférences internationales de l'AIEA

Conférence	Objectif	Date	Lieu	Responsable AIEA	Date limite d'enregistrement
International Experts Meeting on Radiation Protection after the Fukushima Daiichi Nuclear Power Plant Accident	Organisé dans le cadre du Plan d'Action de l'AIEA sur la Sûreté Nucléaire, post accident de Fukushima, ce 6ème IEM permettra aux Etats membres d'échanger expériences et informations dans le domaine de la radioprotection, notamment la préparation à et la gestion à long terme des conséquences radiologiques d'un accident nucléaire, sous leurs aspects techniques, sociétaux, environnementaux et économiques.	17-21 février 2014	VIC, Vienne	M. Tony Colgan (Division of Radiation, Transport and Waste Safety) : IEM6@iaea.org	Enregistrement en ligne (voir lien hypertexte)
International Experts Meeting on Severe Accident Management in the Light of the Accident at the Fukushima Daiichi Nuclear Power Plant	Organisé dans le cadre du Plan d'Action de l'AIEA sur la Sûreté Nucléaire, post accident de Fukushima, ce 7ème IEM permettra aux Etats membres d'échanger expériences et informations dans le domaine de la gestion des accidents nucléaires graves (traitement réglementaire des accidents graves, mises en œuvre des guides de gestion des accidents graves, entrainement et préparation des parties prenantes à la gestion des accidents graves, relations « sur-sites » et « hors-sites » lors d'accidents graves, etc).	17-21 mars 2014	VIC, Vienne	M. Anthony Ulses (Division of Nuclear Installation Safety) et M. Jean Francois Lafortune (Incident and Emergency Centre) : IEM7@iaea.org	Enregistrement en ligne (voir lien hypertexte)
International Conference on Human Resource Development for Nuclear Power Programmes: Building and Sustaining Capacity 	Organisée dans le cadre du Plan d'Action de l'AIEA sur la Sûreté Nucléaire, post accident de Fukushima, cette conférence se concentrera sur les défis de l'établissement, le maintien et le renforcement des capacités et des ressources humaines (formations) dans le secteur nucléaire : – Réviser les développements en matière de formations nucléaires depuis 2010 ; – Rôle et importance du renforcement des ressources humaines dans les cultures nationales de sûreté nucléaire ; – Forum d'échanges sur les pratiques nationales en matière de formations nucléaires, pour en tirer les meilleures pratiques organisationnelles ; – Rôle des réseaux.	12-16 mai 2014	VIC, Vienne	M. Brian Molloy (Division of Nuclear Power) et M. Shahid Mallick (Department of Nuclear Safety) : HR-Conf-2014.Contact-Point@iaea.org	Enregistrement en ligne (voir lien hypertexte)

: Pour les inscriptions à ces conférences internationales, consulter les liens dédiés (dans la première colonne). Pour plus d'annonces de conférences, consulter le site de l'AIEA au lien suivant : http://www-pub.iaea.org/iaeameetings/.

Besoins prévisionnels d'experts à titre gracieux (Cost Free Experts) à l'AIEA (2013-2015)

Position	Département	Division	Section/groupe	Grade	Durée du contrat	Lieu
Senior Physical and Technical Security Specialist	Management (MT)	O/DDG-MT		P4	18 mois	VIC
Application Security Engineer	Management (MT)	MTIT	Business Solutions Section (BSS)	P3	1 à 2 ans	VIC
IT Systems Engineer	Management (MT)	MTIT	Infrastructure Services Section (ISS)	P3	1 à 2 ans	VIC
Senior Nuclear Engineer	Nuclear Energy (NE)	NENP	Groupe des Infrastructures intégrées (INIG)	P4 or P5	3 ans	VIC
Nuclear Engineer	Nuclear Energy (NE)	NENP	Projet international INPRO	P4 or P5	3 ans	VIC
Environmental Remediation Specialist	Nuclear Energy (NE)	NEFW	Waste and Technology Section (WTS)			VIC
Energy Analyst	Nuclear Energy (NE)	O/DDG-NE				VIC
Knowledge Management Specialist	Nuclear Energy (NE)	O/DDG-NE	Nuclear Knowledge Management Section (NKM)	P4	1 an (extension possible)	VIC
Senior Safety Officer	Nuclear security and safety (NS)	NSNI	Regulatory Activities Section (RAS)	P5		VIC
Senior Safety Officer	Nuclear security and safety (NS)	NSNI	Safety Assessment Section (SAS)	P5		VIC
Senior Safety Officer	Nuclear security and safety (NS)	NSNI	Research Reactor Safety Section (RRSS)	P5		VIC
Safety Officer	Nuclear security and safety (NS)	NSNI	International Seismic Safety Center (ISSC)	P4		VIC
Radition Safety Specialist	Nuclear security and safety (NS)	NSRW	Radiation Safety and Monitoring Section (RSM)	P4		VIC
Radition Safety Specialist	Nuclear security and safety (NS)	NSRW	Regulatory Infrastructure and Transport Safety Section (RIT)	P4		VIC

Offres de consultances à l'AIEA

Position	Département	Section	Role	Durée du contrat	Date limite de candidature	Lieu
Fusion expert **(voir fichier Consultance 2013_321.pdf)**	Department of Nuclear Safety and Security / Division of Radiation, Transport and Waste Safety / Waste and Environmental Safety Section	Waste and Environmental Safety Section	Assist the Radioactive Waste and Spent Fuel Management Unit and the Assessment and Management of Environmental Release Unit in the Waste and Environmental Safety Section.	1 year	13 janvier 2014	VIC

Postes vacants à l'AIEA

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/126	IT Systems Engineer	The IT Systems Engineer is: (a) a technical specialist, designing and deploying departmental secure and user-friendly solutions for the end user computing environment; (b) a focal point, coordinating and delivering departmental secure desktop solutions and support; (c) a solution provider, troubleshooting and fixing technical issues related to the end user computing environment; and (d) a project manager, defining, planning and implementing desktop engineering projects.	Department of Safeguards / Office of Information and Communication Systems / User Support Section / Desktop Engineering Team	P3	Fixed term, 3 years	2 janvier 2014
Vacancy Notice No. 2013/127	Systems and Infrastructure Architect	The Systems and Infrastructure Architect is: 1) a *solution provider*, functioning as an expert in providing agile, cost-effective, IT Infrastructure solutions and coordinating service delivery; 2) a *specialist adviser*, providing advice to management on establishing secure and reliable IT systems and best practices; 3) a *project manager*, defining, planning and executing efficient infrastructure projects; and 4) a *technical specialist*, solving problems and troubleshooting network, server, storage and virtualization-related issues.	Department of Safeguards / Office of Information and Communication Systems / Infrastructure Section / Systems Engineering Team	P4	Fixed term, 3 years	3 janvier 2014
Vacancy Notice No. 2013/110 et Vacancy Notice No. 2013/113	Software Engineer / SharePoint Specialist	The Software Engineer/SharePoint Specialist plays several roles in the Section: (1) *project manager*, initiating, planning, executing and controlling agreed work; (2) *software engineer*, performing relevant software engineering disciplines either as a leader or a member of a team; (3) *SharePoint developer*, designing and implementing SharePoint-based solutions, integrating SharePoint with other systems; extending the SharePoint platform using Microsoft .NET development (4) a *resource* in the Section, taking part in various activities as required, such as quality assurance and continuous process improvements.	Department of Management / Division of Information Technology / Business Solutions Section	P3	Fixed term, 2 or 3 years	5 janvier 2014
Vacancy Notice No. 2013/131	Asset and Technical Accounting Specialist	Reporting to the Section Head, the Asset and Technical Accounting Specialist is the lead for managing the accounting for the IAEA's inventories; property, plant and equipment and intangible assets. She/he is also responsible for ensuring the IAEA's annual financial statement amounts and disclosures relating to these assets are complete and accurate. Specifically, in the areas related to property, plant and equipment; intangible assets, inventories and other areas. The Asset and Technical Accounting Specialist also provides analysis and interpretation of new or modified IPSAS accounting standards in areas unrelated to inventories; property, plant and equipment and intangible assets.	Department of Management / Division of Budget and Finance / Finance and Accounting Section	P4	Fixed term, 3 years	8 janvier 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/130	Laboratory Head	The Laboratory Head is: (1) a *manager and team leader* planning, managing, coordinating and supervising the activities of the Laboratory in accordance with Member States' needs, and monitoring implementation. The incumbent provides guidance and managerial support to the team, ensuring that programmes and tasks are implemented effectively by planning [human, technical and financial] resources in the most efficient and effective manner to achieve results; (2) an *adviser*, providing analysis and background information to the Director on the formulation of strategies and policies related to the Section's technical responsibilities, and facilitating implementation; (3) a *facilitator* of cooperation with other organizations and with other Departments in the IAEA dealing with this area of work; (4) a *substantive expert contributor*, managing projects of particular complexity and/or sensitivity; and (5) a *scientific secretary* to international scientific meetings related to marine radioactivity, preparing and editing scientific reports, manuals, proceedings and other scientific publications.	IAEA Environment Laboratories of Monaco / Department of Nuclear Sciences and Applications / Radiometrics Laboratory	P5	Fixed term, 3 years	8 janvier 2014
Vacancy Notice No. 2013/141	Entreprise Resource Planning Specialist, Contacts	The ERP Specialist, Contacts, is: a *functional knowledge expert,* having strong knowledge of several Oracle eBusiness Suite modules, including: Oracle Trading Community Architecture, Oracle Customer Hub, Oracle Supplier Hub and related modules, and the corresponding business processes, and *domain lead* managing all the functional resources working for the Master Data Management Domain. The knowledge is applied to manage and resolve incidents and problems as well as to design and implement changes related to the above areas of the AIPS system. The incumbent is also a *team leader,* managing a team of Master Data Management resources tasked with maintaining key master data in AIPS. The role also requires supporting the hiring of contractors, and managing contractors. This includes: prioritization of tasks, managing and assessing contractors' performance, mentoring, and offering guidance with respect to both the IAEA organization, and AIPS.	Department of Management / AIPS Project Team	P4	Fixed term, 3 years	14 janvier 2014
Vacancy Notice No. 2013/143	Entreprise Resource Planning Specialist, Procurement	The ERP Specialist, Procurement, is: a functional knowledge expert, having strong knowledge of several Oracle eBusiness Suite modules, including: Purchasing, iProcurement, Sourcing, Inventory and Fixed Assets and the corresponding business processes, and domain lead managing all the functional resources working for the Procurement, Inventory & Assets Domain. The knowledge is applied to manage and resolve incidents and problems as well as design and implement changes related to the above areas of the AIPS system. The role also requires supporting the hiring of contractors, and managing contractors. This includes: prioritization of tasks, managing and assessing contractor's performance, mentoring and offering guidance with respect to both the IAEA organization and AIPS.	Department of Management / AIPS Project Team	P4	Fixed term, 3 years	14 janvier 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/142	Entreprise Resource Planning Specialist, Planning	The ERP Planning Specialist is: a *functional knowledge expert,* applying strong knowledge of Oracle modules in the area of Hyperion Planning, Projects and Grants Accounting and the corresponding business processes; *domain lead* managing all the agency and contractor resources working for the domain; an *adviser,* providing solid knowledge of Oracle Hyperion principles and policies; a *level 2 support agent,* addressing issues and requests not resolved by the first level staff and providing expert guidance on AIPS application; and a *configuration manager* maintaining configuration information for the AIPS modules. The knowledge is applied to manage and resolve incidents and problems as well as design and implement changes related to the above areas of the AIPS system. The role also requires supporting the hiring of contractors and managing contractors. This includes: prioritization of tasks, managing and assessing contractor's performance, mentoring and offering guidance with respect to both the IAEA organization and AIPS.	Department of Management / AIPS Project Team	P4	Fixed term, 3 years	14 janvier 2014
Vacancy Notice No. 2013/132	Animal Health Officer	The Animal Health Officer is: (1) an *animal health/animal disease researcher and research coordinator*, ensuring the efficient and effective development, implementation and dissemination of research outputs on animal disease control (diagnostic and vaccine tools), training and scientific and technical knowledge, and evaluating and implementing TCPs and CRPs for the IAEA and FAO; (2) a *technical expert*, planning and conducting technical meetings and project review missions; (3) a *facilitator*, working with Member States to meet their national and regional agricultural development objectives; (4) a *resource person* for animal health and related aspects of the Animal Production and Health Subprogramme; and, (5) a *liaison* with relevant stakeholders on issues related to the transfer of animal disease diagnostic and control tools and related analytical methods and technologies to Member States.	Department of Nuclear Sciences and Applications / Joint FAO/IAEA Division of Nuclear Techniques in Food and Agriculture / Animal Production and Health Section	P4	Fixed term, 3 years	15 janvier 2014
Vacancy Notice No. 2013/133	Associate Project Officer	The Project Officer is: (1) a *project coordinator*, preparing, reviewing, and maintaining detailed schedules of project activities, developing and maintaining project tracking tools for resource allocation and status of activities and contributing to the preparation of project reports, consisting of summaries of all activities performed during the course of the project; (2) an *analyst*: evaluating, extracting, and consolidating data from documentation, and; (3) a *presenter* of performance and results.	Department of Nuclear Sciences and Applications / IAEA Environment Laboratories in Monaco	P2	Fixed term, 3 years	15 janvier 2014
Vacancy Notice No. 2013/134	Data Evaluation Officer	The Data Evaluation Officer is: (1) a manager and developer of the global environmental radioactivity monitoring information system; (2) a conceptual planner proposing and implementing methodologies for the analysis of environmental radioactivity monitoring data made available to the IEC in routine or emergency situations; (3) a technical specialist and an advisor providing expert advice on the use of environmental radioactivity monitoring measurements and equipment in routine or emergency situations.	Department of Nuclear Safety and Security / Incident and Emergency Centre	P4	Fixed term, 3 years	15 janvier 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/135	Team Leader	Under the supervision of the Section Head of TVL, the Team Leader plans and leads the activities of the Team. He/she coordinates activities in the Safeguards Receiving Area (SERA), with particular focus on equipment contamination monitoring and activities to ensure the sustainability of the ISO 17025 accreditation of the Equipment Radiation Monitoring Laboratory (ERML). The incumbent also coordinates activities related to: the administration of industrial and radioactive health and safety in the division; performance monitoring and configuration control of safeguards equipment; the SG equipment warehouse such as storage and stock management; preparation of recordable removable media as well as low value procurement.	Department of Safeguards / Division of Technical and Scientific Services / Verification Logistics Section	P4	Fixed term, 3 years	16 janvier 2014
Vacancy Notice No. 2013/136	Security Systems Engineer	The Security Systems Engineer is: (a) an expert, ensuring that safeguards systems meet the IAEA's security requirements. (b) an organiser, planning and managing vulnerability reviews of unattended systems that include surveillance cameras, sealing systems and enclosures, and radiation monitors. (c) a champion of promoting new security technologies and methods. The incumbent participates in defining requirements for new safeguards systems, preparing and reviewing specifications and developing application procedures to ensure the highest level of security and tamper indication.	Department of Safeguards / Division of Technical and Scientific Services / Systems Integration and Coordination Section	P3	Fixed term, 3 years	16 janvier 2014
Vacancy Notice No. 2013/137	Equipment Performance Monitoring Engineer	The Equipment Performance Monitoring Engineer is: an *analyst*, monitoring, evaluating, and reporting on safeguards equipment use and performance; an *engineer*, developing and technically maintaining related concepts and tools; a *planner*, supporting maintenance activities and effective utilization of equipment; a *supervisor* and *coordinator*, assuring that relevant data is properly collected, recorded and reported.	Department of Safeguards / Division of Technical and Scientific Services / Verification Logistics Section	P3	Fixed term, 3 years	16 janvier 2014
Vacancy Notice No. 2013/138	Unattended Monitoring Systems Engineer	The Unattended Monitoring Systems Engineer is: a *technical professional*, ensuring the efficient and effective implementation of the development, installation, service and verification of UMS; a *technical specialist*, advising the UMS Team Leader, technicians and other technical staff; an *implementer*, installing, calibrating and testing UMS; and an *engineer*, designing, developing, and assembling UMS.	Department of Safeguards / Division of Technical and Scientific Services / Unattended Systems Section	P3	Fixed term, 3 years	16 janvier 2014
Vacancy Notice No. 2013/108	Radiation Oncologist	The Radiation Oncologist is: (1) a technical advisor and research coordinator, helping to ensure the efficient and effective development and implementation of research and training; (2) an adviser, providing expertise to the Section, Division and other IAEA staff on programmatic, scientific and technical matters; (3) a team member, striving to improve the team activities and team approach towards providing high quality service and sustainable development in practices and improved cancer care in Member States in the field of radiation oncology.	Department of Nuclear Sciences and Applications / Division of Human Health / Applied Radiation Biology and Radiotherapy Section	P4	Fixed term, 3 years	17 janvier 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/154 (deuc postes)	Systems Analyst / Programmer	The Systems Analyst/Programmer is: *(1) a technical specialist* designing, developing, testing and maintaining the IAEA Safeguards Information System (ISIS) in the most efficient, effective and maintainable manner, in-line with best practices and quality management standards; *(2) a point of liaison* with Member States in analyzing, defining and implementing their requirements for the information systems; *(3) a team member* of various projects, working collaboratively towards common goals.	Department of Safeguards / Office of Information and Communication Systems / Development Section	P3	Fixed term, 3 years	17 janvier 2014
Vacancy Notice No. 2013/139	Quality Management Specialist	The Quality Management Specialist plays several roles in the Section: (1) coordinator of one or more of the key quality processes in the Department's management system, advising and training staff in its use; (2) analyst and evaluator of the performance of complex technical processes to determine necessary improvements; (3) facilitator of process improvement groups; (4) trainer in quality management principles, tools and techniques; and (5) designer of processes to implement new concepts and approaches.	Department of Safeguards / Division of Concepts and Planning / Process Design Section	P4	Fixed term, 3 years	20 janvier 2014
Vacancy Notice No. 2013/140	Incident and Emergency Assessment Officer	The Incident and Emergency Assessment Officer is: (1) a technical expert, developing, maintaining, implementing and improving assessment methodologies (procedures, checklists, tools) and associated training materials; (2) a trainer giving lectures and conducting drills and exercises on topics related to the assessment methodologies for the Agency's Incident and Emergency System (IES); (3) and an analyst identifying the relevant criteria and benchmarks in the IAEA Safety Standards, guidelines and operational manuals to be used in the assessment process.	Department of Nuclear Safety and Security / Incident and Emergency Centre	P3	Fixed term, 3 years	20 janvier 2014
Vacancy Notice No. 2013/144	Isotope Hydrologist	The Isotope Hydrologist is: (1) a *contributor* to research and development related to various aspects of the collection, interpretation and use of isotope data for water resources management, and; (2) a *planner* and *trainer* for technical training related to the water resources programme.	Department of Nuclear Sciences and Applications / Division of Physical and Chemical Sciences / Isotope Hydrology Section	P2	Fixed term, 3 years	21 janvier 2014
Vacancy Notice No. 2013/145	Nuclear Information Associate	The Nuclear Information Associate is: (1) an *analyst* performing subject analysis of IAEA and other UN publications, as well as of the bibliographic records received from INIS Member States and scientific publishers in the subject area of biology, radiation protection, nuclear medicine, and other related areas; (2) an *adviser* to the INIS Unit Head on matters pertaining to the relevant nuclear subject areas, including maintaining and updating the INIS thesaurus and other authority files; (3) a *team member* working collaboratively on the maintenance and revision of INIS working procedures, guiding materials, and on the continuous improvement of subject analysis and indexing tools, and quality control techniques; and (4) an instructor teaching subject analysis and use of INIS products and services.	Department of Nuclear Energy / Nuclear Information Section / INIS	P2	Fixed term, 3 years	23 janvier 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/146	Section Head	The Section Head is: (1) a manager and team leader responsible for the effective development and implementation of the Section's activities; (2) a coordinator and officer responsible for the technical support provided by the Section to the IAEA's technical cooperation programme in the relevant fields; (3) a coordinator and adviser to the Director on programmatic, scientific, and technical issues in the relevant fields; (4) a facilitator of cooperation with other organizations and with other divisions/departments in the IAEA dealing with similar areas of work. The Section Head is responsible for the relevant administrative matters of the Section.	Department of Nuclear Energy / Division of Nuclear Fuel Cycle and Waste Technology / Waste Technology Section	P5	Fixed term, 3 years	23 janvier 2014
Vacancy Notice No. 2013/147	Section Head	The Section Head is: (1) a *manager* and *team leader* responsible for the effective development and implementation of the Section's activities; (2) a *coordinator* and *officer* responsible for the technical support provided by the Section to the IAEA's technical cooperation programme in the relevant fields; (3) a *coordinator* and *adviser* to the Director on programmatic, scientific, and technical issues in the relevant fields; (4) a *facilitator* of cooperation with other organizations and with other divisions/departments in the IAEA dealing with similar areas of work. The Section Head is responsible for the relevant administrative matters of the Section.	Department of Nuclear Energy / Fuel Cycle and Waste Technology / Nuclear Fuel Cycle and Materials Section	P5	Fixed term, 3 years	23 janvier 2014
Vacancy Notice No. 2013/149	Radiation Safety and Nuclear Security Regulator	The Radiation Safety and Nuclear Security Regulator is: 1) an IAEA *authority*, ensuring the adequacy of the Regulations and authorizing the use of radiation practices/sources and technical support services; 2) a *leader*, enforcing the implementation of Regulations related to protection of staff exposed to ionizing radiation as a result of their duties and activities, and checking, by means of inspections, compliance with the IAEA's Regulations for Radiation Safety and Nuclear Security; 3) a *senior advisor*, providing guidance for the implementation of the Regulations, informing the Director General of any issue related to its implementation and proposing amendment and/or updating of the Regulations.	Department of Nuclear Safety and Security / Office of the Deputy Director General	P5	Fixed term, 3 years	27 janvier 2014
Vacancy Notice No. 2013/152	Medical Emergency Preparedness Specialist	The Medical Emergency Preparedness Specialist is: a technical specialist, providing high-quality professional inputs for development and application of standards, guidelines, training material and technical tools in the area of medical preparedness and response to nuclear and radiological incidents and emergencies; an analyst, evaluating feedback from their application; and a trainer, lecturing at courses and workshops and representing the IAEA at topical seminars and workshops.	Department of Nuclear Safety and Security / Incident and Emergency Centre	P3	Fixed term, 3 years	30 janvier 2014

Référence	Intitulé du poste	Descriptif/Rôle	Département	Grade	Contrat	Date limite de candidature
Vacancy Notice No. 2013/153	Surveillance & Monitoring Specialist	The Surveillance and Monitoring Specialist is: (1) a project leader, taking the lead role in the initiation, organization, evaluation and implementation of development efforts for Safeguards instrumentation, mainly in the area of surveillance and monitoring; (2) an adviser to the Surveillance Team Leader, the divisional management and SG Operations Divisions on all aspects related to surveillance and monitoring technologies; (3) an advocate for the implementation of established procedures for the use of surveillance and monitoring equipment and solutions; and (4) a technical writer, developing and updating development requirements for safeguards instrumentation, equipment specifications, equipment procedures and other reports.	Department of Safeguards / Division of Technical and Scientific Services / Unattended Systems Section	P4	Fixed term, 3 years	31 janvier 2014

: Pour plus d'informations sur l'annonce, cliquer sur lien hypertexte dans la première colonne. Pour plus d'annonces de postes vacants à l'AIEA, consulter le site au lien suivant: https://recruitment.iaea.org/phf/p_vacancies.asp.

Pour information, un niveau P4 exige 7 années d'expérience et rétribue à partir de 110 k$/an ; un niveau P5 exige 10 années d'expérience et rétribue à partir de 132 k$/an ; un niveau D1 exige 15 ans d'expérience et rétribue à partir de 156 k$/an.

Prévisions de postes à pourvoir à l'AIEA au premier semestre 2014

Département	Intitulé du poste	Grade	Descriptif/Rôle
Department of Management	Programme and Budget Specialist	P3	The Programme and Budget Specialist analyses budget proposals for completeness, correctness and conformity with the programme; advises programme managers on the entire programme and budgetary process, from planning to implementation and reporting; provides guidance to programme managers to facilitate the implementation of the budget; and prepares financial reports.
Department of Management	Section Head (Publishing Section)	P5	Reporting to the Director of the Division of Conference and Document Services, the Section Head leads a professional team in shaping and implementing the programmatic objectives for the Publishing Section. This involves proposing the budget, monitoring the financial plan, and initiating personnel processes. The Section Head is also responsible for setting priorities in the production of publications and maintaining quality standards, as well as for ensuring that appropriate techniques are used for the production of publications.
Department of Nuclear Sciences and Applications	Nutrition Specialist	P4	As a team member reporting to the Section Head, the Nutrition Specialist will formulate and implement nutrition projects to combat malnutrition in all its forms in IAEA Member States and develop guidelines and distance learning modules on nuclear techniques in nutrition.
Department of Safeguards	Safeguards Specialist	P4	As a key member of a team led by the Section Head, Effectiveness Evaluation Section, the Safeguards Specialist coordinates and checks the work of several Safeguards Evaluators who evaluate safeguards implementation at the facility and State level. The incumbent provides summary results of this evaluation for inclusion in the Safeguards Implementation Report (SIR), participates in efforts to improve the effectiveness of safeguards, through analysis of reasons for failure to attain the inspection goal at both the facility and State levels, and provides advice and training. He/she also develops and implements a methodology for the evaluation of integrated safeguards.
